

The NR504C-1 is an NVR for up to 8 IP cameras, recording in real-time at 1080p. It's easy to install and user intuitive.

This security camera system reduces costs on installation with 4 PoE ports, which transfers data and power directly to the cameras via the standard network cable.

Remotely view footage from your security cameras (live or playback) over the internet via your PC, mobile, or tablet. The NVR can have up to 6TB storage, has optional motion detection mode to maximise storage, plus 15x electronic zoom. With 2 alarm inputs and 1 alarm output for further ease of integration.

This security camera system is a good entry level choice for both home and business purposes.

Main features: Network Video Recorder with built-in PoE Switch, 8 channels, 4 POE ports, Full HD 2MP, 1 bay, 2 year warranty
